

QUALIFIER BRAKE & PARTS CONTACT CLEANER

Description

Chlorine-free degreaser for brake discs and pads. Removes grease, oil dirt, brake fluid and other contaminants, leaving the surfaces clean. It acts extremely fast on the area to be treated, with no need to rub and it evaporates easily without leaving any traces. Its unique chlorine-free formula makes QUALIFIER BRAKE & PARTS CONTACT CLEANER less aggressive to plastics and contributes to the reduction of toxic smokes.

Instructions: Product for direct use. Shake the can before use. With the container in vertical position, spray the parts to be cleaned at a distance of 10 to 15 cm. Wait a few seconds until the dirt disappears. Repeat the process if necessary.

Properties

- Direct use product
- Brake and disc cleaner
- Due to its effectiveness, it is not recommended to apply on plastics, coatings with varnishes or paints. In case of doing so, it is recommended to make a test on non-visible area.
